“

HockeyCircles is an innovative platform designed to connect players with the right people at the right time for success, both on and off the ice. Whether you're connecting with NHL professionals, like myself, for tips and advice or participating in one of our "Life After Hockey" circles, I think you'll be impressed by what this platform offers.

“

As a former Player, I'm very excited to be a part of HockeyCircles. Designed from the ground up by people who know and love the game, the HockeyCircles goal is to provide a host of useful resources for players and fans alike. Based around a user-friendly social media platform, HockeyCircles allows you to learn, grow, and improve in all areas of your game both on and off the ice.
